

DAYCARE & BOARDING RULES & REQUIREMENTS

Our goal is to provide a safe, fun, healthy and stimulating environment in which social dogs can interact with other dogs and the caretakers that adore them! In order to ensure the health and safety of your dog and all our other guests, we require all of the following whether your dog is Daycare or Boarding:

1. Dogs must be at least 4 months of age.

2. Male dogs over 6 months of age must be neutered. It is recommended that female dogs be spayed for improved health and comfort; however, it is not required, since intact females do not have the same hormonally-based behavior issues that affect intact male dogs. Females may not Board or attend Daycare while in heat or up to 2 weeks following the end of visible symptoms.

3. All dogs should be in good health, free of communicable diseases and written proof from a veterinarian of these current vaccinations is required:

- Rabies
- DHLPP 5-in-1 shot (distemper)
- Bordetella (canine cough)
First time vaccinated dogs must wait 10 days after completing the vaccine series
All dogs must be vaccinated every 6 months.
- Annual Fecal Exam for Giardia & common parasites
Dog must be tested within 6 months of first appointment.

4. Use a flea & Tick prevention program

5. Dogs must be non-aggressive, and should not be food or toy protective. For safety purposes, owners will need to sign a contract stating that their dog has not harmed or exhibited overly aggressive behavior toward any person or any other dog.

6. All dogs must attend a brief initial “interview” before the first session of Daycare or the first day of Boarding. A completed Application and Profile, and a current vaccination record, must be returned before scheduled interview.
